June 29, 1926.

Miss Mary Lou Charman,
Cuthbert, Ga.

My dear Cousin Mary Lou:

Enclosed find check for $10 which kindly use.

Your letter duly received and noted.

I expect to do my best to try and see you some time this Summer, but my time is all taken up and more besides. And Cuthbert being on the West side of the State I never have any reason to go in that section. However, I will do my best to try and come over to see you sometime during July or August but I can't say just when.

I sometimes the girls in the store to fix you a check and things like that without having time to write, so you may know the reason why that is, that my time is taken up and I haven't time to send a formal notice. I trust you will continue to watch yourself from the point of health.

I know there is a way that is always provided by the Wise Provider above as these things work out.

The family all send you their very best wishes for your continued good health and please accept the same from me.

With usual sincere regards, I beg to remain

Yours most cordially,

J. C. Collier.
